

Regional Resource Stewardship Council Advice October 9 - 10, 2008

Discussion Questions

- 1.) Do you agree with the objectives proposed for commercial campgrounds, marinas, developed recreation areas, and dispersed recreation, respectively?
- 2.) Are there any objectives that should be added?
- 3.) What other general recommendations or considerations does the Council have for us with regard to pursuing resolution of these issues?

Focus Areas and Key Issues

Recreation Strategy

- 1.) Do you agree with the objectives proposed for commercial campgrounds, marinas, developed recreation areas, and dispersed recreation, respectively?
 - a.) Need some kind of check sheet
 - b.) Need TVA branding sign standards
 - c.) Use TVA Web site for comments from general users
 - d.) TVA should put revenue received back into recreation
 - e.) TVA should consider putting in some infrastructure into campground sites
 - f.) Marketing or education for campground and marinas.
 - g.) Balance recreation focus and public perception
 - h.) Revenue generated from boating/camping being returned to recreation
 - i.) Consider different standards and accountability for rural facilities
 - j.) Increase partnerships to lower TVA costs
 - k.) Level of public input keyed to balance investment focus, facilities updated
 - l.) Delineate perception of rate increase vs. recreation investment
 - m.) Inspect campgrounds while they are open
 - n.) Consider a week or two of intensive training for campground managers

Dispersed Recreation

- 2.) Are there any objectives that should be added?
 - a.) Additional partnerships needed
 - b.) Involve county governments/special interest
 - c.) Recognition for special individual efforts for public outreach
 - d.) Consider adopt-a-mile programs
 - e.) Keep as much as possible
- 3.) What other general recommendations or considerations does the Council have for us with regard to pursuing resolution of these issues?
